DIRECTORS' TRAINING PROGRAM

Fulfills the requirements of Directors' Training Program
as required by Code of Corporate Governance

PROGRAM

Corporate Governance is now an integral part of doing business; it provides the regulation and conditions to ensure sustained growth and lays down the framework for creating long term trust between companies and its stakeholders.

Code of Corporate Governance issued by the Securities and Exchange of Pakistan (SECP) requires the directors of listed companies to have certification of Directors Training Program (DTP) with an objective to acquaint them with the Code, applicable laws, their duties and responsibilities to enable them to effectively manage the affairs of the listed companies for and on behalf of stakeholders.

The ICAP DTP, duly approved by SECP for the purposes of the Code, is a Pakistan specific course, but also aims to ensure familiarity with the global perspective of corporate governance concepts. The four day certificate course will broadly cover essential principles of Corporate Governance, applicable laws, Business Management, Financial Management, Reporting and Communication. The Program will be conducted in two sessions of two days each. The second session will be announced shortly and will cover the board composition, board's ethical obligation and legal compliance, responsible reporting and related parties.

The program will feature presentations by professional trainers and industry experts and interactive discussions amongst the participants coupled with case studies to get the benefit from exchanging ideas and experiences with their peers.
